## Rain Water Tanks

2 x 600ltr Amani Corrugated Iron Aqua Plate tanks have been installed as a trial in LFC. The feedback has been very positive from the residents. Further order of the remaining 49 tanks will be completed and installed progressively in the very near future.

## Gardens

The weather hasn't been very kind to the garden. Lots of wind and some pretty hot days. Hopefully we are through the worst of it. The little bit of rain that fell in early February was very welcome.

It been hard to keep the water up to the lawns but overall in most areas of the village the gardens are looking nice and tidy thanks to Trevor.

We do have regular watering issues that we are trying to rectify and improve.

Bark chips have been dumped ready for spreading. This will freshen a lot of the areas up.

The Gazebos in Peter Jackson Court and LFC are looking a bit shabby with lattice work breaking. These have been identified and will be included for an upgrade in the 2019/2020 budget.

## New Flag - Leatrice Pfitzner Crescent

On Tuesday February 5<sup>th</sup> at 11am 8 residents and 3 Rotarians met with Tony Pasin for the presentation & raising of a new flag. This replaced the old one which became frayed on the end.

If you would like to advertise any regular get together's within you courts, please let me know so I can add to the next newsletter.
